

STATE TO GIVE EMERGENCY CIVIL SERVICE EXAM

Due to the large numbers of fire and police departments that cancelled civil service testing after Hurricanes Katrina and Rita, the Office of the State Examiner will give an emergency exam. This was made possible by an executive order from the Governor.

St. George will be hiring a second group of cadets for its academy beginning in July. The January Fire Academy has been filled. This special test creates an opportunity for those who may have wished to apply for employment with the St. George Fire Department, but who were unable to meet the previous deadlines.

Anyone taking this test should call 389-8600 for information on how to complete the application process with St. George, including what addition documents are required and how to transfer your test score.

For details on the testing, log on to www.ose.state.la.us/index.htm.

NOTE: The deadline for filing an application for this test is this Friday, January 13, 2006. It is recommended that anyone who downloads the application from the web site HAND DELIVER the completed form to the address on the application.
